Special Educational Luncheon

Wednesday, June 18, at Noon

Location: Pinewood Supper Club

Sponsor: Rasmussen College

Special guest Motivational speaker **Roger Seip**, co-founder of Freedom Personal Development and the best-selling author of **Train Your Brain For Success**. He has helped train thousands of business professionals on personal development skills that really make a difference. He has a knack for taking principles of effectiveness that most of us struggle with and crystallizing them into clear strategies and action plans that get record-breaking results.

In this one-hour presentation, we'll cover:

- **The ways in which your brain literally creates your experience – and your results.** Every day, we're creating our lives with our mind – and it's enlightening to see how your mental focus actually dictates your ability to be productive.
- **Your brain's extremely UNhelpful "default settings"** – We now know that all of us have brains that come "pre-programmed" with some really strong patterns that will actually hold you back – keep you stuck in place – if not understood and dealt with.

How to overcome these default settings, and put you in charge of your brain and your results. The good news is that there are simple and effective strategies for making your brain work FOR you instead of AGAINST you. So we'll wrap up our session by providing a game plan for ongoing improvement.

Limited seating

Cost: Members, \$15.00, Non Members \$20.00

Please RSVP to the Chamber: 715-693-4330
